

Website Accessibility Statement

ACT 3 Catering is committed to making act3catering.com usable by everyone, including people who use assistive technology such as screen readers, screen magnifiers, or voice-recognition software.

Our standard

We are working toward conformance with the **Web Content Accessibility Guidelines (WCAG) 2.1, Level AA**, the technical standard courts and the U.S. Department of Justice look to when assessing accessibility for businesses open to the public under Title III of the Americans with Disabilities Act (ADA). Washington law reinforces this obligation: the Washington Law Against Discrimination (RCW 49.60) and its implementing regulations (WAC 162-26) prohibit disability discrimination by places of "public accommodation," a category that includes catering and event-service businesses like ours, and that the Washington State Human Rights Commission (WSHRC) has interpreted to extend to the services a business advertises and sells online.

We review our site periodically and correct accessibility barriers we identify, including issues with color contrast, keyboard navigation, image alt text, form labels, and heading structure.

Third-party ordering and booking tools

Online ordering on our site is handled through **ezCater**, a third-party platform we do not control. We have asked our vendors to support accessible ordering, but we cannot guarantee the accessibility of tools we license from outside companies. If you encounter a barrier while using ezCater or another third-party tool linked from our site, please contact us (below) and we will do our best to help you complete your order another way — by phone or email.
